

## Support Planning Services (updated October 2013)

The following organisations have been accredited by Norfolk County Council to provide independent support planning services to people who wish to use a personal budget to meet their assessed social care need. The prices on the list are accurate but you will need to talk to organisations to find out who is most suitable for you – your care assessor will support you to choose an organisation and Norfolk County Council will pay for the service directly. For further information, please see the Service Profile Booklet.

SUPPORT PLANNING	Low Intensity (up to 3 hours of direct time)	Medium Intensity (up to 6 hours of direct time)	High Intensity (up to 9 hours of direct time)	Additional Hourly Rate	Areas Covered	Telephone Number	Web Address
