Assistive Technology is a range of electronic gadgets that can help you to live independently in your own home. This includes triggers, sensors and detectors for:

- Smoke
- Low Temperature
- Falls (through pendant systems)
- Exiting the home
- Motion
- Location Training

If you think you could benefit from Assistive Technology and you are over 18 living in your own home you may be able to get the equipment on a free loan.

Assessments are free.

If you have a social worker ask them for a free assessment. Alternatively contact Norfolk County Council's Assistive assessment centre and ask for a referral to the Assistive Technology Team.
